

Merck Animal Health De Soto Plant Fact Sheet

Merck Animal Health
De Soto, Kansas Manufacturing Plant
35500 W. 91st Street, De Soto Kansas 66018
Brian Gay, Plant Manager

The Merck Animal Health De Soto manufacturing facility is located in the heart of Kansas' Animal Health corridor and is home to manufacturing and quality operations as well as swine and ruminant research and development. The Corridor, anchored by Manhattan, Kansas, and Columbia, Missouri, is home to more than 300 animal health companies, representing the largest concentration in the world.
